### **Unseen #4 – The First Man on the Moon**

---

Long ago, people could only dream of going to the Moon. But in 1969, that dream came true. Neil Armstrong was an astronaut on Apollo 11, the spaceship that went to the Moon.

The journey was not easy. The spaceship had to travel very far and fast. Finally, they landed on the Moon. Neil Armstrong was the first to step out. He said, "That's one small step for man, one giant leap for mankind."

People on Earth watched on TV. They felt proud and amazed. Neil Armstrong and his team planted an American flag on the Moon. Then, they collected some Moon rocks to bring back.

After a short time, they flew back to Earth. People celebrated their safe return. Neil Armstrong became a hero. His journey showed that with hard work and bravery, big dreams can come true.
